October 2016

FAA Meeting Location and Time to Change

Significant changes in meeting location and time will be made in response to member concerns revealed in the recent questionnaire. Starting in 2017, the new location will be the Women's Club on the corner of Mission and Mission (yes, that's right). The new time is the 3rd Saturday. The general meeting and demo will be held in the morning followed by a lunch break. The guest artist's workshop will be in the afternoon. The move will be initiated with The Holiday Social in December. Details to come.

Meanwhile, the October meeting will be at the Fallbrook School of the Arts in October as usual but on the 3rd Thursday rather than the 2nd—a necessary accommodation this month.

Send your news to phoe21@mac.com by the 15th of the month. Use jpg, Word or Pages. Please, no PDF.

Victoria Alexander Marquez to Demo, Oct. 20, Mixed Media on Paper at Fallbrook School of the Arts

In Victoria's own words..." I am fascinated with color, pattern and space. First, while working with my drawings to create silk screen textiles, I began my search for layers. Layers gave me depth and enhanced color and organized my method of application. In the back and forth of color I found the rhythm of the visual plane. Through colors and shapes, in this visual plane, our eyes can imagine movement and depth and our feelings can be soothed as well as stimulated with each different arrangement."

FAA Calendar

Meetings at Fallbrook School of the Arts, 310 East Alvarado in Fallbrook unless noted otherwise.

Oct. 4-28--Fall Show

Nov. 10, Thurs.--Demo by Li Shuang.

Nov. 13, Sun.--Workshop, if filled

Dec--Holiday Social to be held at the Woman's Club. Stand by for details

Feb 18, Sat--Kevin Greeland

LETTER FROM SUSAN:

Your Board has addressed the concerns you expressed in

your answers to the recent questionnaire.

Starting with the Holiday Social in December, we will move to the Women's Club for our monthly meetings.

The facility is located at 238 W. Mission and has a large meeting hall with a raised stage, pull-down screen, full kitchen, ample tables and chairs, air conditioning and heat, and is handicapped accessible.

The best part is that it is available on Saturdays during the day. This helps with two aspects of attendance: 1. No more night driving, and 2, No more not being able to get home from work early enough to attend night meetings.

Beginning in January, the general meeting and demo will be held in the morning of the 3rd Saturday with a lunch break followed by the workshop in the afternoon. This means only one trip for both the members and the demonstrator, a big plus. Are we happy or what?

As for other news, elections for the 2017 board will be held in November. You will probably receive a call from me to determine how you can help keep FAA viable.

We will participate in the Harvest Faire on Sunday, Oct. 16 to let folks know we exist and potentially gain some new members. We'll be calling on you to help with set-up, staffing the booth and doing painting demos to intrigue the visitors.

Carry on and remember...*"When the uncreative tell the creative what to do, it stops being art."* Tony Bennett.

URGENT!!

We need a newsletter editor. Phee's last issue is January. That's just three months away. She will help you get started

And, consider stepping into a board position in FAA or be a volunteer. We've made a significant move by changing to a Saturday meeting date in a new location. Now is the time to step forward and be part of the group that keeps FAA running. Remember, we are and for decades have been, a key part of North County's art world.

Congratulations Penny

Fedorchak who was a winner in COAL Gallery's *Show Within a Show* in September.

Small Works Show at Brandon in November

The 10th Annual Small Works of Art Exhibition will be held at the Brandon Nov. 2-26. Artists, deliver your work Oct. 21-22.
